Mr. William H. Turner, Chairman
Delaware County Regional Water
Quality Control Authority
Courthouse, Medio, Pa. 19063

Dear Mr. Turner:

This is to inform you that the City Administration is adopting a new policy regarding the acceptance of wastewater from areas outside the City.

There are many considerations involved in furnishing this type of service and we will not be able to allow Delaware County wastewater to be treated at the Southwest Water Pollution Control Plant.

Very truly yours,

Carmen F. Guarino
